

Sandwell Digital Donations

Bridging the digital divide in Sandwell

Providing
Devices

Providing
training for
staff and
volunteers

Creating
Digital Hubs
in Sandwell

Are you a community group in Sandwell who would like to help your service get online and use the internet to support your needs?

We offer free laptops to enable you to set up learning hubs on your premises. We will also provide you with a trainer to upskill your staff and volunteers so they are able to give your service users the skills to get online.

For more information, please contact Katy McAllister.
